

Hothersall Lodge 2024 Update – March 1st 2024

Hi everyone, first of all can I say a big thank you to you all for returning the medical forms. I will copy them today and get them all sent off.

At the moment there are 24 children who would like to go to Hothersall Lodge. However, Ventures Trust e-mailed me earlier in the week to say that they can only offer us 20 places. There are 3 schools attending, one of the schools have requested 30 places and we are waiting for numbers from the 3rd school. If they require less than 20 places, any spare places will be shared between the other 2 schools.

This has happened before and one solution was for any extra children to attend the residential as normal, but go home at night to sleep and then return the following morning. This works well for children with any anxiety issues about sleeping away from home. I will discuss this with Rev Mike and let you know the outcome as soon as possible.

Many apologies for this, it is something that has been decided by the organisation running it and not school. I know some of you are a little frustrated about this, but I will do my best to enable as many children as possible to attend the residential.

Mr Nixon
